

Vauxhall Movano

gowrings
celebrating 50 years
mobility

The ideal wheelchair passenger vehicle for community use or larger families, with flexible seating to transport up to three wheelchairs without the need for a D1 licence.

The vehicle

The Vauxhall Movano offers excellent space combined with a high standard specification. It is the ideal vehicle to transport up to three wheelchair passengers safely and comfortably.

The conversion from Gowrings Mobility has a double front passenger seat to maximise the seated capacity. Its medium height enables easy access and ease of movement inside the vehicle, and its medium length optimises the wheelchair positions, whilst ensuring it is also easy to drive.

The front cabin is spacious with plenty of flexible storage as standard, including large door pockets and overhead storage shelves, in addition to coin and ticket holders. The centre front seat has fold-flat capability, increasing the vehicle's versatility.

The vehicle comes with a wide aperture near side sliding door giving easy access for ambulant passengers. Full height rear doors and an inboard lift optimise access from the rear.

The diesel engine delivers impressive performance, excellent fuel economy and low emissions, with a six-speed manual gearbox as standard and a gear-shift indicator light to show the optimum time to shift gear to maximise fuel economy. Optional six-speed Tecshift automated manual transmission offers the benefit of an automatic transmission without increasing fuel consumption.

Impressive safety and security features are included in the standard specification: ABS with Electronic Brakeforce Distribution (EBD) and Emergency Brake Assist (EBA). Chassis and suspension systems include Electronic Stability Programme (ESP) with Traction Control System (TCS) to promote maximum confidence in all driving conditions.

Movano key features

- Six-speed manual gearbox
- Optional six-speed automated manual Tecshift transmission
- Double front passenger seat
- Front cabin storage
- Wide aperture side sliding door with integral step
- Clear and easy to read instrument panel

Rear retractor belts are removable and adjustable

Well appointed cabin

The conversion

The Vauxhall Movano from Gowrings Mobility offers **comfort and versatility**. Fully Type Approved, this conversion is designed around the needs of the wheelchair passenger and can accommodate up to three wheelchair positions with ease.

The wheelchairs are located along the full length of the floor tracking. The wheelchairs are all restrained by a 4 point wheelchair securing system, using adjustable

restraints that can be easily and safely stowed when not in use, to prevent trip hazards. A choice of restraints stowage can be specified as an option.

The versatility of the floor tracking accommodates a variety of wheelchairs. Each wheelchair passenger is secured with an adjustable lap and diagonal belt that has an upper anchorage fixing point to reduce the risk of injury.

This conversion offers a choice of up to six interchangeable and removable rear seat positions. These seats come with wheels as standard for ease of removal and fix into tracking in the adapted floor. They have built-in open headrests and lap and diagonal belts, and are trimmed in a wipe clean combination vinyl/fabric trim.

There are also up to three tip & turn seat positions available. These offer the advantage of being slim when stowed and easy to deploy. They have adjustable backs and coordinate with the interior trim.

The Movano can be specified with up to a maximum of six rear seats in any combination of removable seats, wheelchair positions and/or tip & turn seats.

There are extra lights above the access points for ease of use at night.

The unique Gowrings Mobility conversion

Ready to find out more?

Whether you are looking for a car for personal use or are a transport operator, the Movano is the perfect choice. One of our personal mobility advisors will discuss your specific requirements to ensure that you make the right choice for your motoring needs. They can also advise on the buying options: cash, finance, Motability or leasing.

Our unique demonstration service

A member of our demonstration team will bring the Movano to you to confirm that it is the most appropriate choice for your motoring needs.

Our demonstration team is not part of our sales team, their role is to show you the features of the car for you to assess the suitability of the Movano. We recommend that transport operators invite clients and service users to the demonstration to ensure that you get the most out of the day. This service is free and carries no obligation, although we prefer not to sell you a vehicle without one.

Once you have placed your order a member of our delivery team will keep you updated with the progress of your order, and once delivered, our relationship continues throughout your ownership of the vehicle, with our excellent aftersales support.

What to do now

Please call us on Lo-Call 0845 608 8020 to discuss your requirements and to book a free, no obligation demonstration. We look forward to hearing from you.

The facts
